

# FIRST Environmental Connection

## TENANT PROFILE:

# LDI Reprinting Center

As one of the largest large document imaging centers with nearly 30 locations across the Southeast, LDI Reprinting Center has a vested interest in environmental practices.

LDI has actively promoted the use of electrostatic bond paper as an environmentally-friendly, recyclable alternative to blueprint paper since 1987. LDI promotes recycling to their customers, and even welcomes customers to toss old bond prints in their recycling bins at their 4902 Creekside Drive, Clearwater, Florida location.

Providing knowledgeable, professional and reliable customer service, and making advanced technology for printing and print distribution easily accessible and affordable to their customers, LDI Reprinting Center is committed to saving resources for future generations.

LDI Reprinting Center and many more of our 2,300 tenants are committed to working with the natural environment. We are delighted to support these tenants' goals in making a healthier world. To hear more about our company's endorsement of green policies, visit [www.firstindustrial.com/environment](http://www.firstindustrial.com/environment).
